WALKOUT IS CHECKED BACK TO PRESIDENT

PANTELLERIA IS BOMBARDED BY WARSHIPS

So-Called "Italian Gibraltar" is Shelled Twice Within 48 Hours by Allied Naval Forces

RETALIATION IS MILD

BY ROGER GREENE

Associated Press War Editor

Allied warships have swelled the assault on the Mediterranean island of Pantelleria, it was announced today, bombarding the so-called "Italian Gibraltar" twice within 48 hours in what may be prelude to a landing attack.

Pantelleria lies 45 miles east of Cap Bon, Tunisia, and about half way across the Sicilian Strait toward Sicily.

In Allied hands, the island would serve as a convenient stepping-stone for invasion of either Sicily or the Italian mainland. Gen. Dwight D. Eisenhower's headquarters said Allied naval forces shelled the island yesterday afternoon and Sunday night, reinforcing the aerial havoc inflicted on the Italian outpost day after day, virtually non-stop, ever since the fall of Tunisia May 12.

Naval salvos fell on the barracks and artillery batteries, Gen. Eisenhower's command said, and although there was some retaliatory fire from the shore in yesterday's daylight attack, the Allies suffered neither damage nor casualties.

Once again, the double-barreled thrust pointed up Allied control of Mediterranean waters without interference by the shore-bound Italian fleet.

The communiqué said American warplanes also battered at Pantelleria and returned to the assault in Italy's other chief island strongholds of Sicily and Sardinia, hampering supply ships, railways, locks and a seaplane base.

Italian headquarters, acknowledging the naval attack on Pantelleria, asserted that "immediate action by our artillery forced the enemy to interrupt the bombardment" and claimed that an Allied destroyer was severely damaged.

"Repeated air incursions against the island caused heavy damage (Turn to Page Five)

Navy Reports 1,500 Japs Slain at Attu

Washington, June 2.—(P)—More than 1,500 Japanese were killed and four were captured during the first 20 days of fighting in Attu island, the navy reported today, as operations on the formerly enemy-held island continued in a mopping up phase.

A communiqué said that from the start of the American invasion of Attu May 11 through midnight of May 30 the enemy casualties were estimated. A navy spokesman, amplifying, said that the estimate was based on an actual count of bodies and that the total number killed might have been 50 or 100 per cent greater.

It would be impossible, for instance, to estimate the number killed by high explosive naval shells or those buried by their comrades under the snow.

The number of enemy soldiers remaining on Attu could not be estimated, therefore, even though the Japanese have reported that there were approximately 3,000 of their force on the island to start with, and also reliable estimates have ranged around 3,000.

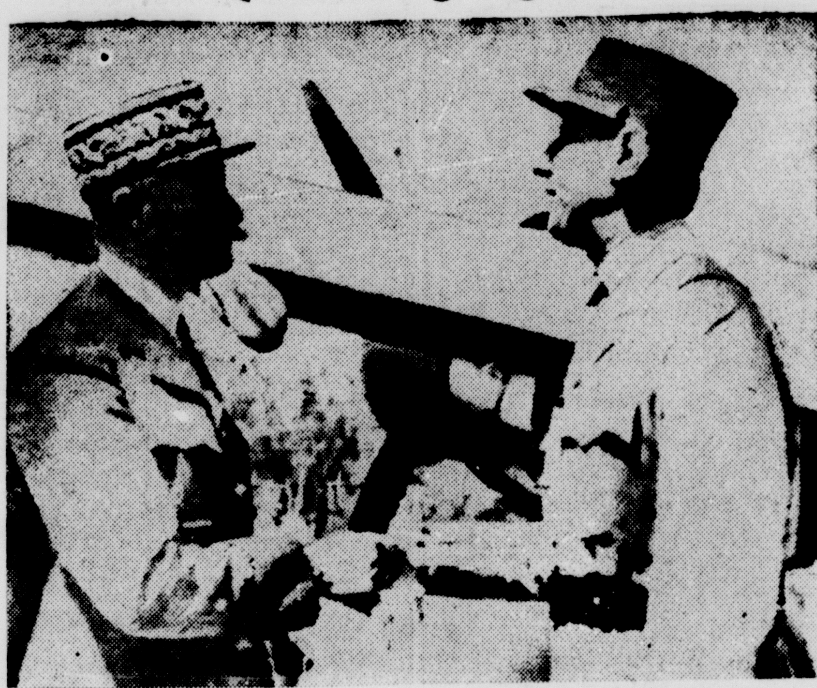

This was the first comprehensive report of enemy casualties given out by American sources.

Success Claimed By Allies In Fight Against U-Boat Menace

London, June 2.—(P)—Increasingly deadly allied convoy escort services sank more enemy submarines in May than in any other month of the war and in the past 10 months the number of operating U-boats in the Atlantic appears to have decreased, A. V. Alexander, first lord of the admiralty, declared today.

He told the House of Commons that in the past 12 months the total enemy submarines sunk in the bottom of the Atlantic was the highest in all the previous war period and that in the last six months the rate of destruction was 25 per cent above the previous half year. Paying tribute to the work of U. S. air force and the RAF in bombing U-boat bases, Alexander predicted that "as time goes on,

Quarreling Again

Belying the warm handclasp between French Gens. Henri Giraud, left, and Charles De Gaulle on the latter's arrival in Algeria from London, the newly-formed French allied government is in the midst of a bitter dispute over allocation of authority. (U. S. Army Signal Corps Radio-Telephoto from NEA.)

Setback In Fighting Around Tungting Admitted In Tokyo

Imperial Tokyo headquarters tacitly admitted a setback today in fierce battles west of Tungting Lake, where Generalissimo Chiang Kai-Shek's armies have been fighting to defend China's vital "rice bowl" lands and the route to the war-time capital of Chungking.

The Tokyo command, resorting to its familiar propaganda technique of explaining a reverse, said Japanese troops had "successfully completed operations" in the lake, region and had killed or wounded 36,300 Chinese and captured 5,923 prisoners, against a Japanese loss of 475 killed in action.

The Japanese also said that a "crushing offensive" had been carried out against 120,000 Chungking defense troops in the sector opposite Ichang, main Japanese base on the Yangtze river front, where the Chinese reported yesterday that five Japanese divisions had been thrown into disorderly retreat.

Chinese headquarters today said the Japanese retreat toward Ichang was continuing, while Chinese bombers operating with strong fighter escort blasted enemy supply routes in the Yangtze valley near Ichang.

Elsewhere in the Pacific war theater: Burma — Drenching monsoon rains, which will prevail all through the summer months, bogged fighting on the Arakan front along the Bay of Bengal, where the Japanese have been thrusting persistently toward the Chinese frontier, and British headquarters announced there were no military operations to report.

Pope Exhorts Belligerents For Humanity

By the Associated Press

The Rome radio quoted Pope Pius XII in an address to the College of Cardinals on his name day today as exhorting the belligerents to respect the laws of humanity in the air war.

The broadcast was recorded by the Associated Press.

"We, who since the beginning of the conflict have done all that was in our power to induce the belligerents to respect the laws of humanity in the aerial war, now believe it to be our duty to exhort them once more to observe these laws," the radio quoted him as saying.

In his discourse leading up to the exhortation for observance of the laws of humanity in the air war, the Pope was quoted as saying:

"It is painful and deplorable to (Turn to Page Five)

Tax Measure Up In Senate

Washington, June 2.—(P)—With a certainty reserved only for death and taxes, the senate set the machinery in motion today for final congressional approval of compromise legislation putting all taxpayers on a pay-as-you-go basis.

Congressional leaders are confident that once legislative formalities are completed, President Roosevelt will sign the bill—or at least let it become law—with these practical results to the average taxpayer:

He will find himself for the first time in his life paying the federal taxes on his income as he earns it, either through a 20 per cent payroll levy which would go into effect July 1, or through quarterly installments made on the basis of his estimated net receipts for the year.

He will have to pay his June 15 installment on last year's income just as if congress had never considered changing the system that has existed since 1913.

Bombs Rain On Jap Bases In New Guinea

Lae and Wewak Are Raided by Fortresses Without Being Challenged

FOUR ZEROS DOWNED

Allied Headquarters in Australia, June 2.—(P)—Flying Fortresses and Liberators have loosed the fury of 132 tons of bombs within less than a week upon Lae and Wewak, New Guinea, without being challenged by a single Japanese plane.

Yesterday, emboldened by successes under cover of darkness, Liberators struck unscathed in daylight at the enemy's airbase base of Lae to drop 36 tons and met opposition only from Japanese anti-aircraft guns.

Within the week, 100 tons of explosive, incendiary and fragmentation bombs have fallen upon that airbase in three raids by Allied planes. Lae is on the Huon Gulf only 35 miles away from the ground battlefield at Mubo.

Above it, 325 miles northwest, is Lae's supply base of Wewak. Within the week, 32 tons of bombs have been dropped in two raids on Wewak.

What happened yesterday just above Lae at Finschhafen, when 16 Zeros jumped a single Flying Fortress, may supply the tip as to why the Japanese are loathe to challenge the bombers which come in force.

Four Zeros were sent burning and spinning into the sea. A fifth crashed in trees along the shore. A sixth went into a steep dive and may have suffered the fate of the other five. But the bomber, although badly shot up, limped back to its base, after the other Zeros fled.

The army held up Glebner's story of the Port Orford raid for military reasons until Chief Forester Lyle F. Watts, asking additional funds for protection of the forests, disclosed the attack in testimony before a senate appropriations subcommittee in Washington.

The previously disclosed raids, all shelling by enemy submarines last year, were as profitless as the air attacks.

German Sub Is Destroyed

Washington, June 2.—(P)—Destruction of a German submarine and capture of 40 members of her crew by the coast guard cutter Spencer was reported by the navy today.

With depth charges and roaring guns, the cutter sank the submarine in the Atlantic several weeks ago when the raider was detected lurking in the path of a "large and important convoy making for an Allied port."

Completely submerged and with her periscope down, the submarine was located by Soundman Harold W. Anderson, Keweenaw, Ill., and the Spencer, under Commander Harold S. Berdine, 41, Staten Island, over three depth charge runs made it.

NEW FRENCH NEGOTIATIONS IN TURMOIL

Appointment of Muselier As Deputy To Giraud Causes Rift Between Two Leaders

DE GAULLE WINS POINT

BY EDWARD KENNEDY

Algiers, June 2.—(P)—Gen. Henri Giraud appointed Vice Admiral Emile Muselier deputy to himself as commander-in-chief and charged him with maintaining order in Algiers and vicinity today in the midst of confusion and strain attending negotiations for a new French governing body.

This appointment followed a strange exchange of letters in which Marcel Peyrouton, who once signed an order for the arrest of Gen. Charles De Gaulle, submitted his double-barreled resignation to De Gaulle and Giraud from his post as governor general in Algeria in response to De Gaulle's demands for a house-cleaning.

Gen. De Gaulle today asserted that the current political crisis would go down in French history as a "bad dream," but he declared the principles of fighting France would emerge triumphant and would lead to Paris and victory.

The appointment of Muselier, former member of the Fighting French hierarchy who later broke with De Gaulle and is now regarded as his bitter opponent, was seen as a sign of increasing tension between the French factions which only Monday came together in a new executive committee for the purpose of giving unified direction to the French war effort.

De Gaulle had Muselier under house arrest in London at one time after Muselier had taken the lead in the Fighting French organization. (Turn to Page Five)

Fifth Futile Attack Made On the Coast

Port Orford, Ore., June 2.—(P)—The public learned today of the enemy's fifth futile attack on the coast, a sneak incendiary raid by a lone airplane more than eight months ago.

Believed launched from a Japanese submarine last September 28, the plane flew over the Oregon coast in early-morning fog so dense a forest service lookout was unable to see the ship although it dived directly by his tower on a mountain near here.

The lookout, Lauren S. Glebner, followed the sound of the motor as it moved northeastward. He heard a blast and saw a flash, as if a bomb had been dropped. When the fog cleared, JapYK-ewhMeta the fog lifted two hours later, he spotted fire in a heavily timbered canyon three miles away.

This was the second reported incendiary attempt on the forests of this isolated southwestern corner of Oregon. The army previously announced a small plane flew in from the sea near Brookings last September 9 and dropped two bombs. This plane also was spotted by a lookout and the fires controlled quickly. Japanese markings were found on fragments of the incendiary bombs.

The army held up Glebner's story of the Port Orford raid for military reasons until Chief Forester Lyle F. Watts, asking additional funds for protection of the forests, disclosed the attack in testimony before a senate appropriations subcommittee in Washington.

The previously disclosed raids, all shelling by enemy submarines last year, were as profitless as the air attacks.

Rationing of Canned Milk Is Now In Force

Washington, June 2.—(P)—Rationing of canned milk began today on short notice.

The purpose, according to Office of Price Administration, is to reduce all non-essential consumption and to conserve limited supplies for infant feeding and for persons who require canned milk in special diets.

Under the rationing, which started at 12:01 today, evaporated and condensed milk were added to the meats and fats program, but no additional points were allowed. Sixteen points per person per week are allowed for the purchase of meats and fats, and canned milk now must be included in this allowance.

Reds Repulse German Drive

By WILLIAM MCGAFFIN

Moscow, June 2.—(P)—The Germans have launched new counter-attacks northeast of Novorossiysk in an attempt to relieve their besieged forces stubbornly clinging to the last Nazi-held Caucasus bridgehead, but every attempt has been defeated, front line Russian dispatches said today.

Strongly attacking German forces made a vigorous bid to regain the initiative there, the dispatches said, but Russian infantry backed by heavy artillery threw them back repeatedly.

With the exception of the Kuban fighting, the long front was relatively quiet, but both forces are keyed up for another major campaign.

Red army forces have been taking advantage of the lull to erect new fortifications along vital sections, dispatches said.

Russian artillery has been particularly active in the Lischansk area of the Donets front, where German efforts to concentrate reserves for counter attacks were described as disrupted.

Former Physician To Quintuplets Dies

North Bay, Ontario, June 2.—(P)—Dr. Allan Roy Daffoe, former physician to the Dionne quintuplets, died today in a hospital here. He was 60 years old.

Dr. Daffoe, who gained international prominence nine years ago when he attended the quintuplets at birth, died at 11 a. m., five minutes after he had been admitted to the hospital.

Dr. D. A. Campbell of North Bay, who was at the bedside, said death was due to pneumonia.

Dr. Daffoe had returned to his home at Callander from Toronto yesterday morning.

Demand For Anti-Strike Law Is Heard

House Military Committee To Carry Fight to Floor During Day

TO PREVENT WALKOUTS

Washington, June 2.—(P)—Behind the cry that "now is the time for action," the house military committee carried to the floor today its fight for an anti-strike law.

Despite opposition voiced by spokesmen for five government agencies yesterday, Chairman May (D-Ky.) declared the committee would demand house action today.

Rep. Colmer (D-Miss) announced he had been assured by Speaker Rayburn of recognition to call up the measure, known as the Smith-Connally bill, this afternoon, and added he expected debate to last several days.

"There is no sense in waiting any longer," May said. "The coal strike is upon us and the people are demanding that congress do something about it."

While too late to stop a strike already in progress, he added, the legislation would prevent future walkouts and would make illegal any continued work stoppage in the coal mines so long as the government operated them.

It would outlaw strikes in government-operated plants, require a 30-day cooling off period and a secret ballot of workers before strikes could be called in other war industries, make unions file annual financial and membership statements, and strengthen the power of the War Labor Board to deal with labor disputes.

A section written into the bill and admittedly aimed at John L. Lewis would empower the board to subpoena witnesses. Lewis has refused to deal with the board in the coal controversy.

At the Hartman home on the west side two windows were blown in. The windows were opposite each other in the bath room and flying glass tore the lace curtains to shreds, ruined the window shade and the rain blowing in did heavy damage. An apple tree on the property was also ruined. At the Williams home nearby two fine elm trees were blown down.

The main portion of the storm swept off to the north of this city and seemingly the full force of the storm broke on Chautauqua Lake where great damage was done at Midway Park, owned and operated by Thomas Carr. This amusement spot is about 15 miles from Jamestown on Chautauqua Lake and was battered by the storm for 30 to 40 minutes. NOTABLES ON BOARD PLANE LONG OVERDUE

London, June 2.—(P)—A spokesman for the British Overseas Airways said today that a British passenger airliner "disappeared" yesterday en route to England from Lisbon, and reports from the Portuguese capital said the actor, Leslie Howard, was among the 13 passengers.

A Lisbon dispatch reported that the last word heard from the plane was "enemy plane attacking us."

Kenneth Stonehouse, former chief of bureau at Washington for Reuters News Agency who was en route to London to take a new assignment, was said to be aboard the aircraft with Mrs. Stonehouse.

The reports from Lisbon said the plane with its Dutch crew was shot down in the stormy Bay of Biscay about half way between Lisbon and England and that concern was felt over weather reports which indicated it would have been difficult for the passengers to take to their rubber boats.

A Berlin broadcast, reporting from Lisbon that the plane was missing, said "it was feared it met with an accident."

Earlier, the German communiqué reported that Nazi reconnaissance planes had shot down three Allied bombers and "one transport" over the Atlantic.

The Lisbon account said Alfred Chennell, a film director, and three women, each accompanied by a child, also were passengers. Howard had been in Spain recently canvassing the possibility of producing films there. (Turn to Page Five)

PASSAGE OF TRADE PACT BILL FORESEEN

Washington, June 2.—(P)—Legislation continuing the administration's reciprocal trade agreements act in unaltered form for two more years rode toward apparent final senate approval today on a flood tide of votes which already have swamped two opposition proposals.

Acting Democratic Leader Lester Hill (Ala.) predicted passage by mid-afternoon as a result of a unanimous agreement to limit debate on remaining amendments.

If all amendments are defeated — and Hill declared none had a chance following the powerhouse majority rolled up by administration forces yesterday on two test votes — the resolution continuing the trade law will go to the White House unaltered from the form in which it passed the house.

Its approval by the president was a foregone conclusion.

Storm Causes Much Damage In Borough

Warren was swept by a severe rain and wind storm last evening at 7 o'clock and considerable damage was done to foliage on trees, wires of utility companies and some oil properties in this section.

Live wires dropped in several streets of the city and crews of repair men of the electric light company were busy until a late hour making necessary provision for the safety of the public and for the restoration of service. The telephone company has several lines out of commission.

Trees were damaged by the high wind and limbs were blown from a number on several streets. On Plum street one tree was blown down and carried several wires with it.

At the Hartman home on the west side two windows were blown in. The windows were opposite each other in the bath room and flying glass tore the lace curtains to shreds, ruined the window shade and the rain blowing in did heavy damage. One Tiny Break Appears In Solid Ranks of Penn'a Miners

Pittsburgh, June 2.—(P)—While the government sought to encourage striking coal diggers back to work, one tiny break appeared today in the solid front of 500,000 members of the United Mine Workers standing pat on the union slogan of "no contract, no work."

Indicating a desire to work—contract or no contract—375 UMW miners at Galitzin, Pa., describing themselves as "100 per cent American," telegraphed President Roosevelt.

"We want immediate action so that we can return to work to protect our nation and for the quickest possible victory over the Axis."

A month ago the Galitzin miners broke from the union front by voting to return to work before a truce ended the first coal shutdown resulting from the current working contract dispute.

As the strike entered its second day, the government made its new attempt to get the miners back to work through action taken by regional managers of the solid

fuels administration for war, who have been operating the mines for the government since they were placed under federal jurisdiction last month.

The managers instructed mine owners to blow mine whistles to inform employees that "work is available at the mines at regular starting times for each shift daily, including Saturdays."

For the present the haunting call of the whistles and the wordless but significant waving of Old Glory in the breeze above each mine had no effect as patriotic appeals to attract the men back. The flags were raised over the workings when they came under government control.

Commercial coal operators reported they were deluged with orders which they could not fill. Only in towns near the little mining communities was there any activity. These centers took on the appearance of gay Saturday afternoons of the mining region, with streets crowded by shoppers and pleasure-seekers.

Drive On 'T' Books to Follow Reduction in B and C Coupons

Washington, June 2.—(P)—The government's new "tough" policy on gasoline users in the arid east, signaled by a cut in B and C ration coupons from three to 2½ gallons each effective today, will be followed by an attack on black market dealers in commercial "T" ration coupons.

Third-quarter coupons for taxis, buses and trucks will be issued with a different marking from the present "T" symbol, an ODT spokesman said, but the new designation is being kept secret until the coupons are issued to thwart possible attempts at counterfeiting.

The cut in B and C passenger car coupons, which OPA ordered into effect at 12:01 a. m. today in the northeastern shortage area, was described as "appeal-proof,"

Disputing Parties Ordered to Suspend Wage Negotiations

Miners and Operators Directed By War Labor Board To Halt Contract Deliberations Until Men Return to Work

COMPROMISE OFFER IS REJECTED BY BOTH SIDES

Washington, June 2.—(P)—The War Labor Board checked the coal mine walkout back to President Roosevelt today "for such action as he deems appropriate" and told the disputing parties to stop their contract negotiations.

UMW President John L. Lewis and the operators' representatives had just begun on fresh efforts to settle their dispute, which has resulted in half a million miners staying away from work in the war-torn industry.

However, said the board unanimously, "any agreement on the issues by the parties while the workers are on strike" and the negotiators are subject to "strike coercion" and will not be considered or approved.

The miners and the operators, informed of the board's order, went back into joint session immediately without making any comment. They had suspended meeting briefly while waiting for an expected announcement from the board.

A short time later they recessed until 2 p. m.

The negotiations here have been confined to soft coal mines. Thomas Kennedy, secretary-treasurer of the Mine Workers, announced today that anthracite negotiations would be resumed in New York at 2 p. m. tomorrow. Kennedy made the announcement after a telephone conversation with Major W. W. Onglis, chairman of the operators' committee. He said "the meeting will definitely be held."

The message was addressed to Lewis, Edward R. Burke, president of the Southern Coal Producing Association; Charles O'Neil, chairman of the operators' negotiating committee of the Appalachian Joint Conference, and Ezra Van Horn, chairman of the joint negotiating committee.

The May 25 directive ordered resumption of collective bargaining on the major issues, such as portal-to-portal pay, the six-day week, charges for equipment used by the miners, and certain contract wording.

The order called for a report to the WLB within ten days and said "the parties shall continue the interrupted production of coal under the contract terms and conditions that existed on and prior to March 31, 1943."

Earlier the producers and Lewis called another conference in Washington with the expressed intention of going at the problem from the beginning. This was decided on after each side rejected the other's compromise offers yesterday when the second 15-day truce expired and 500,000 coal diggers quit work.

Interior Secretary Ickes termed the WLB order "a bold step" and said "the parties shall continue the interrupted production of coal under the contract terms and conditions that existed on and prior to March 31, 1943."

Lewis said the government appeal to get the mines going again was a matter "to be given consideration."

Ickes estimated that only 49 days supply of coal lies above ground, and steel centers indicated their output would be affected seriously in a matter of days. A spokesman for U. S. Steel at Pittsburgh said production would be "very much curtailed in three or four days."

Other steel men reckoned that many mills would have to cut (Turn to Page Nine)

Well Known Citizen Found Dead In Home

The body of Jay L. Smith, 57, life-long resident of Warren, was found in the basement of his home at 408 Market street, Tuesday shortly before 8 p. m., by police who had been called by neighbors who became alarmed when he failed to answer a telephone call. Lieut. M. Evan and Patrolman Wally Outrid were first at the scene and they in turn called the fire department for the resuscitator. Chief Douglas Kropf and Fireman George Croft responded and a physician was called. The firemen worked over the body for about an hour before it was decided that Mr. Smith was beyond help.

The investigation by the coroner and the police failed to divulge definitely whether or not Mr. Smith was overcome by fumes from a furnace or his demise was from natural causes. He had complained to friends recently of pains in his chest and there was a suspicion that he may have died from a heart attack.

Removal was made to the Lutz Funeral Home where services will be held at two o'clock Thursday afternoon conducted by Dr. H. C. Warren. Interment will be in Oakland cemetery.

It was established that Mr. Smith made two telephone calls from the home between 4:50 and 5:30 o'clock in the afternoon. The first, made to a friend, was a request that he do an errand for him, and the other, between 5:15 and 5:30, was to a plumber who reported that Mr. Smith stated that he was having trouble with a hot water heater. During the conversation it was decided that an examination of the heater would be made today.

Mr. Smith was a son of the late Mr. and Mrs. Levi Smith. After attending the public schools of Warren, he later entered Hill School at Pottstown, and completed his education at Yale University. He was an accomplished violinist, having studied under some of the outstanding musicians of the east. He also studied art and was a modeler.

Of a friendly and generous disposition he was well known to a host of friends who are shocked and grieved over his sudden passing.

The only near relatives are two cousins, George Smith of Harrisburg, and Harry Smith, Fourth avenue, this city.

Program For Senior Week Band Concert

Director Harry A. Summers announces today the detailed program for the annual "Senior Week" band concert to be given on the Beaty school lawn at eight o'clock Thursday evening.

There is no admission for this musical event and it is anticipated that there will be a large attendance. In case of unfavorable weather, the band will move into the school gymnasium for its program.

Two features of the evening will be a cornet duet played by Jack Donovan and James Glans and presentation by Mr. Summers of senior band pins.

The program follows:
I. National Anthem; The Thunderer, by Sousa; Dublin Holiday Overture, by Buehler; Waltz Medley, selected; In the Mystic Land of Egypt, by Ketybey; Indiana State March, by Farrar-Band.

II. Presentation of senior pins.
III. In a Monastery Garden, by Ketybey—Band; cornet duet, Mr. Donovan, Mr. Glans.

Sunset Loop Opens Season Tomorrow Nite

The Struthers-Wells and Warren Pirates battle tomorrow night at 6:15 on Russell Field in the caplight for the 1943 Sunset Baseball League.

Struthers-Wells is placing a well-balanced outfit on the field tomorrow with a strong infield their mainstay and also with quite a bit of hitting ability.

The Warren Pirates is a group of high school newly-graduates who have some of the best talent ever produced by the local school and should give the defense workers a tough battle.

SAEGERTOWN INN THREATENED BY FIRE

Fire that broke out at about 1 p. m. yesterday damaged the old Saegertown Inn to the extent of \$2,000, it was estimated by firemen. The building is owned by Jerry Quirk of Erie, who a few years ago razed a part of the historic building and remodeled the remainder into family apartments. Four families were living in the building, but all escaped, although their furnishings were damaged by smoke and water.

The Saegertown Inn was one of the popular hostleries for many years late in the last century and for a time in the early 1900's. The late James Harrington of this city was clerk at the Inn for many years. A decade or more ago, the late Dr. S. N. Burchfield purchased the property, which was later sold to the Erie man.

The fire was brought under control by firemen about an hour after discovery.

2,000 Blood Donors Sought By Local Red Cross Chapter

Faced with the necessity of securing at least 2,000 more volunteer blood donors to carry their campaign through the year the local chapter of the American Red Cross has enlisted the aid of Warren's Junior Commandos to assist them in this vital bit of war time work.

The plan, as recently announced, will see Junior Commandos from each school in the Borough, as well as North Warren, try to visit every home in their community on behalf of the Red Cross Blood Bank. These boys will be supervised by older boys who, in turn, will have their activities directed by a corps of public-spirited men working under the direction of Dr. J. R. Elliott.

Phamlets have been prepared by the Red Cross listing the importance and vital necessity of securing more Blood Donors. A Blood Donor's Application Blank

is an integral part of this little folder and householders will be asked to sign this application blank and hold it until the Junior Commando in their neighborhood calls to collect it. About 4 days or so will elapse between the time the Commando first calls until his second or "collection" call is made. Each Junior Commando working on this neighborhood call will be armed with a card of introduction which will introduce him. The householders are asked to cooperate by reading this little "credential" and show the boys that they are in sympathy with the efforts they are putting into this bit of important war effort.

The need of additional volunteers is largely brought about the action of the local Blood Bank Committee in not asking people to volunteer more than every four or five months. Actually, medical authorities say, blood donations could be made every 8 weeks or so or at least 5 times a year. But the local chapter and its blood bank committee feel that these donations will be asked for on an increasing scale as demands of the war and a greater number of wounded make further requests by the Army and Navy a distinct possibility.

So, rather than call on a few hundred volunteers 5 times a year they are seeking to enroll a greater number of persons so that no one may be called more than two or three times every 12 months. To make this plan work at least 2,000 more volunteers are necessary and should be enrolled this month. Volunteer registrations are still being accepted at any of Warren's Drug Stores where nearly all of the 1,500 donors signed to date have enrolled.

The blood bank Mobile Unit will be in Warren again on June 21st and 22nd and new volunteers must be had who will be willing to make donations at this time. It is hoped, therefore, that the work the Junior Commandos are about to undertake will find considerable sympathy and response on the part of the public at large and that volunteer donors may be signed up in many parts of the community from homes in which no volunteers have yet appeared.

Religion accompanied the expansion of territory in the early days of America, and 172 years ago this month the first church west of the Alleghenias was established in Pennsylvania by Moravians.

FOX CLUB MEETING

The regular meeting of the Fox Club will be held this evening at the home of Don Sontag, 223 Oneida avenue, and all members are asked to be on hand.

WILL MEET FRIDAY

The regular meeting of the Warren County Council of Defense will be held in the Council office Friday afternoon at 4 o'clock. There are a number of important matters to come before the Council and a large attendance is desired.

PREPARATORY SERVICE

In anticipation of the observance of Holy Communion on Sunday morning at the First Presbyterian church, there will be a preparatory service of devotion at 7:30 this evening in the main auditorium of the church school. The regular monthly meeting of the session will be held this evening following the preparatory service.

BILL IS SIGNED

Gov. Edward Martin yesterday signed the bill appropriating \$25,000 for the museum at the Drake Well Memorial Park, near Titusville. The bill was sponsored by Senators L. E. Chapman, of this district and Fred Thomas, of the Mercer district. The State Historical Commission will have supervision of the museum and park.

INSTRUCTORS' MEETING

Members of the First Aid Instructors' Group will hold their postponed May meeting at 8 p. m. Thursday at the YWCA activities building. Officers for next year will be elected and other business transacted.

All those who had their applications OK'd by Instructor Zoeller are asked to turn them in to Red Cross headquarters, to Harold Bush at the U. S. Forest Service office or to Abe Martin at the Harvey and Carey store.

MAIL APPLICATIONS

Application forms for war ration book 3 should be mailed immediately to the Philadelphia district office of Price Administration instead of between June 1 and June 10, officials of the Erie district OPA announced today. Processing of the books will be done by the Philadelphia high school students through an arrangement with the Philadelphia Board of Public Education, it was explained, and the plan must be worked out before the end of the school year.

TO SUPPORT EFFORT

At a recent meeting of the executive committee of the Warren Borough Teachers Association, it was unanimously decided to support the National Education Association in building up a war and peace fund. This fund has a three-fold purpose: To meet the crisis now confronting the schools and teaching profession; to enable the teaching profession to deal with the opportunities and problems which the national and world situation now presents to education; to provide the power to cope with other unforeseen issues which are sure to develop in the years of uncertainty now immediately ahead.

Linder To Be A Candidate For Sheriff

Elsewhere in this issue appears the official announcement that L. E. (Larry) Linder, since January, 1940, deputy sheriff of Warren county, will be a candidate for the Republican nomination for sheriff at the September primary.

Larry, as he is popularly known to his many friends in Warren county and throughout the section, is a son of Edward Linder, of Ridgway, where he attended the public schools during his youth before entering college in Chicago.

As a former member of the old Pennsylvania Highway Patrol he distinguished himself on numerous occasions by solving many highway fatalities. He was transferred from Cambria county to Warren in November, 1930, and a result of efficient service here was promoted to corporal in charge of the local sub-station, in which capacity he remained until November, 1935, when he was transferred to the Pennsylvania Game Commission as district game protector of Warren county. While engaged in this work he was chosen one of a group of twelve men to receive training in special branches of criminal investigations. He attended a school conducted for this purpose at Brookville, both in 1938 and 1939. His work in this field was so satisfactory that it was with deep regret that it was learned that he was relinquishing his duties as protector to accept the position of deputy sheriff of Warren county in 1940.

Mr. Linder resides with his wife and daughter Barbara Ann, in Monroe street.

He has been very active in Sportsmen's projects, at present being the president of the Warren County Council of Sportsmen. He holds a position as lieutenant in the Pennsylvania Auxiliary Defense Corps, is a bomb recognition agent, having just completed a course at Bradford, being sent there by the Office of Civilian Defense. He belongs to numerous fraternal organizations and has a wide acquaintance of friends who are unanimous in the opinion that his schooling and experience provide him with qualifications that make him unusually well fitted to administer the important duties in the office of sheriff of Warren county.

Russell H. S. This Evening

Russell, June 2.—Eight grade commencement exercises at the Pine Grove consolidated school will be held at eight o'clock this evening at the Methodist church.

May; welcome, Robinell Ellberg; instrumental solo, Betty Wheelock; play, "On the Threshold," Mary Stanton, Betty Wheelock, Stanton Witke, Delores Carlson, Sam Stingel, Norma Haller, Phyllis Gustafson, Martin Sadler; vocal duet, Margaret and Marjorie Ramsdell; trombone solo, Gilbert Pearson; vocal solo, Helen Fehman; instrumental solo, Norine Holt; play, "Reformation of Mrs. Trent," Coleen Walker, John Brasington, Mary Branstrom, James Nesmith, Ellwood Beckwith, Coral Wood, Keith Lundmark, Jack Thompson, George Reese, Orville Edquist, June Sadler, Betty Kirby; trumpet solo, Alice Benson; song, "Farewell to Thee," the graduates; presentation of diplomas, Robert C. Huntley, supervising principal; march, Florence Benson.

On this year's class roll are the following: Alice Benson, Ellwood Beckwith, Maria Burkholder, John Brasington, Mary Branstrom, Delores Carlson, Robinell Ellberg, Helen Fehman, Phyllis Gustafson, Claire Gage, Norine Holt, Norma Haller, Keith Lundmark, James Nesmith, Coleen Walker, Betty Wheelock, Stanton Witke, Dorothy Way, Coral Wood, Gilbert Peterson, Margaret and Marjorie Ramsdell, Mary Stanton, Martin Sadler and Sam Stingel. Teachers were Jefferson Sears, Ann Thompson and Helen Harrington, with Elizabeth Ruess as music supervisor.

GASOLINE FURTHER CURTAILED

Too late for publication in Tuesday's issue came a dispatch from Washington stating that the Office of Price Administration had slashed the value of all B and C gasoline coupons in the northeastern states now under a ban on non-essential driving from three gallons to 2 1/2 gallons, effective last midnight.

Previously the Office of War Information had announced that the critical shortage of gasoline for civilians on the Atlantic seaboard has a "definite, although not direct, relation to the unprecedented and unpredictable" overseas demands of the armed forces.

In fifteen days, OWI says, the Twelfth Air Force Command, led by Major General James Doolittle, used enough gasoline to empty every tank in the northeastern coastal shortage area, and to keep the tanks empty more than a month.

For the further information of disgruntled motorists who are scolding about the driving ban, it may be repeated that every day the Twelfth Air Force operated over the Mediterranean, the planes consumed 1,100,000 gallons of high-octane gasoline. In fifteen days' flying Doolittle fliers used 16,500,000 gallons, or 1,550,000 more than the monthly ration of regular gasoline for the Atlantic seaboard.

Another example cited by OWI: A round-trip flight of 300 Liberator bombers from a British base to Berlin would require 525,000 gallons.

OWI describes the eastern drought as "not a shortage in supply of product, but in supply of transportation facilities for the product," and observes:

"If a war emergency requires that shipments of high-octane aviation gasoline to the eastern seaboard be given the right-of-way, it is inevitable that shipments of regular automobile gasoline to the same place will have to be delayed."

SENIOR SERVICE SCOUTS

An interesting new unit of the Girl Scout organization in the county is the Senior Service Scout section. Members wear green service hats with red, white and blue insignia, and are known as "The Triple S Girls." These girls are ready to give special service in any emergency. Each girl has had a physical examination by a physician and has passed tests designed to show whether or not she is adaptable and whether or not she is able to take directions and to follow them carefully as well as to test skills.

All members of the Triple S must be in senior high school and fifteen years of age or more. Within the first year of membership she must complete a first aid course.

The girls are now ready to take part in service projects but their training will continue along the lines of their special interests.

INCONSIDERATE AIRMEN

Allied airmen in the Tunisian area, in a period of five days less than one month, shot down 1064 axis planes while losing only 270. It seems too bad that they did not get another 16 German and Italian craft—or better yet, 17. Then headline writers and editorialists could have said "four to one" or "more than four to one," instead of having to crawl on a mere "almost four to one."

As an alternative, Secretary Stimson could have included one more day in his tally, which undoubtedly would have brought the ratio well above four to one.

Every day miners remain on strike prolongs the war just that much longer. Seems as though Lewis and his cohorts would realize that the present controversy means many added casualties that could be averted if the country was having proper cooperation from union leaders.

Folks with B and C rationing cards may just as well become reconciled to the fact that they must conserve gasoline. Washington has ruled that they will not be permitted to apply to local boards for additional coupons. It means that they'll just have to cut down on the driving.

Within the next two weeks there'll be a grand rush to cash stamp 17 for that pair of shoes to carry through the summer months.

Mussolini apparently has decided to fight on. And we'll add, "to the bitter end."

What is so rare as a day in June—when it doesn't rain?

The local political pot is beginning to simmer!

Add War Inconveniences

Washington in Wartime

By JACK STINNETT

WASHINGTON—This may be the kind of speculation agriculture and labor officials won't like, since they are in the midst of a vast recruiting program for a land army to work the farms, but if things keep on at the present rate farm labor is going to be one of the least of our war problems.

I don't mean that some sections won't be hard hit when harvest comes, because farm labor is primarily a seasonal and seasonal matter that can only be taken care of by a surplus of labor on hand or itinerant laborers who move with the crops.

But there is every indication that the bottom of the scarcity of farm labor has been reached and that the swing-back is moving rapidly now.

UNDER Selective Service orders, deferment of farm labor is now being recognized as a necessity. Drafting of essential farm laborers has virtually ceased.

Secondly, farm workers who flocked to industry to get some of those seemingly fabulous wages have discovered the truth of the old adage about all is not gold, etc. High rents, poor but costly food, and in many instances appalling living conditions have resulted in a back-to-the-farm movement that has caused numerous squawks from war industry management. To what extent this is taking place can't be determined positively yet, but some observers here think it is nationwide and likely to grow in volume.

A third point is that labor and agriculture officials now talk in terms of a land army of 3,500,000. Some of these will get jobs plenty

when the seasonal farm work reaches its peak, but it's a pretty safe guess that some will never do more than a few days or at most a few weeks of work. At the moment, the Women's Land Army is aiming at a "standing army" of only 10,000 full-time farm workers and a reserve of 50,000 additional part-time workers and officials are going about it in the intelligent manner of building corps where they are most likely to be needed.

A part of this land army will be about 500,000 high school youths who will work the summer. Many farmers turn a cold eye on this land army idea, since most of the workers will be inexperienced and unused to the hardships of farm life. But when they are driven to desperation by labor scarcity, farmers will welcome them. Farm officials here are positive that once the farmers try land army labor, they will be happy to have it back.

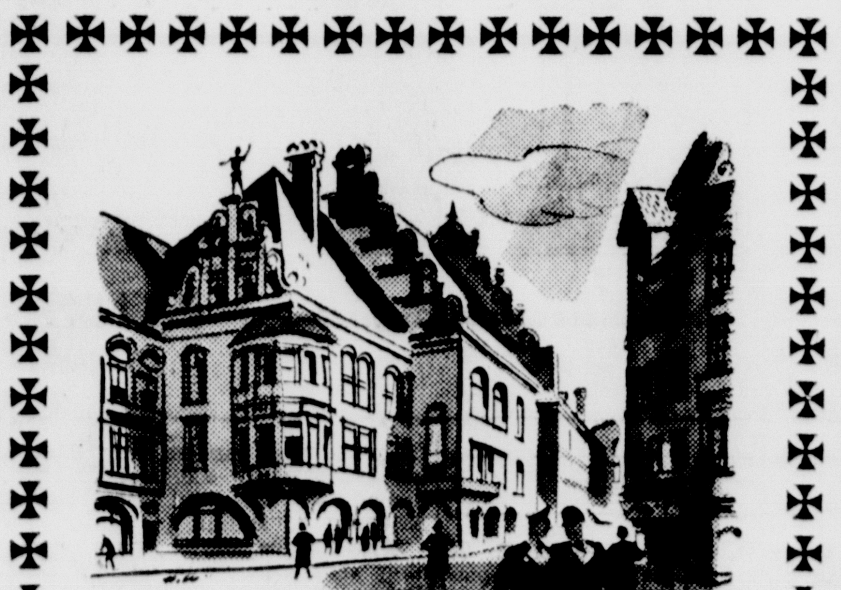

FURTHERMORE, the much maligned Farm Security Administration is doing a whale of a job in bringing farm labor from Jamaica, Puerto Rico, the Bahamas and Mexico. Over-all figures on these temporary importations have not been made available yet, but I do know that in several eastern states, around 4,000 of them have been placed where the will do the most good.

Then, there is the official declaration that some of those thousands of captives we picked up in Tunisia soon will be available for farm labor. And don't think that thousands of them won't welcome outdoor work and farm food.

The farm labor problem may not be solved, but it's certainly on the mend.

Now that anti-freeze time is over, take a good look at the rubber radiator hose. Often the greater deterioration is on the inside.

The male narwhal, belonging to the family of toothed whales, is characterized by the presence of a long tusk.

Visit Munich

DROP in on the Nazis at their famous Brown House—with shells fired by the used cooking grease you and other American women turn in. Rationing needn't stop you. The government doesn't want your fats until after all the cooking good is gone. But then, every drop is needed. Just one tablespoon will fire five machine gun bullets. Even with rationing, you can save that much every day. Rush each canful to your meat dealer.

DAR Changes Plans For Annual Flag Day Luncheon-Observance

The regent, Mrs. Leon Laskaris, announces that the Flag Day celebration and annual luncheon of General Joseph Warren Chapter, Daughters of the American Revolution, has been moved forward to June 10 to cooperate with the stay-at-home camp program of the Girl Reserves.

Members are requested to note the change in date for the luncheon, which will be served at one o'clock at the YVCA activities building with Mrs. F. A. Lesser, Mrs. H. J. Granquist, Mrs. J. L. Ghering, Mrs. T. H. Russell, Mrs. E. W. Smiley and Miss Alice Mead as hostesses.

Reservations must be made no later than next Monday evening by calling Mrs. Lesser, 703, or Mrs. Granquist, 353.

The chapter's governing board will convene at noon on the same date.

Elizabeth O. Jack Presents Students

Elizabeth O. Jack presented her pupils in a delightful program at her home, 18 Elm street, Friday evening, with about 40 guests present. The program opened with a group of numbers for a quartet composed of Beryl Rhodes, Lorraine Harkless, Frances Peterson and Geraldine Mathis.

Piano selections were given by Betty Jackson, Dorothy Stoddard, Albert Jackson and Joseph Jack. Two new voices were heard, Nancy Pettibone and Kihlar McDonald, both showing ability as singers. Ione Maze and Frances Peterson sang in their usual artistic manner, performing with ease and confidence that made their group of Indian solos and duets especially enjoyable. The entire group sang the national anthem at the close, with Joseph Jack at the piano. Soloists were ably supported in accompaniments by Mrs. Jack.

At the close of the program, refreshments were served. The hostess was assisted by Jeanette Olson and Mrs. Leroy Stoddard.

Anne Marie Olson Is Wed to Pvt. Morell

Mrs. Edith Olson, 52 Clark St., announces the marriage of her daughter, Anne Marie, to Pvt. Ross J. Morell, also of Warren and son of Mrs. Frances Morell, of Bradford and Warren.

The ceremony took place at Wichita Falls, Texas, May 22 at 6:40 p. m., with Rev. Kelly O'Neill, of the First Christian church, officiating. Attending the couple were Pvt. and Mrs. George Nosbar, of Wichita Falls.

The bride wore a street dress of pale blue crepe with a matching hat of feathers and a shoulder length veil in the same shade. Her accessories were white and her corsage of white gardenias.

Pvt. Morell is stationed temporarily at Sheppard Field, Texas, and Mrs. Morell will make her home in Wichita Falls for the present. Both young people are graduates of Warren High School. Before leaving here the bride was employed by the New Process Company and Pvt. Morell prefaced his army service with employment by the Sherwood Refining Company.

Warren Couple Wed In Colorado Church

Taken from the Denver, Colo. Herald, many will read with interest the following account of a May 15th wedding:

The First Baptist church was the scene of a very lovely wedding last Saturday at 3 p. m., when Miss Constance M. Johnson, of Warren, Pa., and Pfc. Kenneth Christianson, of the same city, were united in marriage. The Rev. Clarence W. Kemper performed the ceremony in the presence of a few intimate friends.

A two-piece street length dress of baby blue enhanced the beauty of the bride. Her accessories were white and her corsage of French roses.

Mrs. Frances Hyland, of Buffalo, N. Y., as matron of honor was dressed in pink crepe with blue accessories and her corsage was of carnations.

Pvt. Roy Sanborn was best man.

You May Never Have To Take Another Laxative

Most constipated people might be as ready as clock-work—if they would only quit worrying—stop being nervous—take more exercise—watch their diet—and get up mornings an hour or so earlier to give bowels time to act. But who can or wants to do all this?

So the next best thing is to keep the bowels working as regularly and comfortably as we can—and that's where good old Ex-Lax comes in.

Because you may take Ex-Lax at night and expect results in the morning when you get up without waiting around—because they do not move the bowels so violently as to leave you feeling weak and exhausted.

AND because they help give the grand, comfortable, satisfying type of movement that makes the spirits soar—and what more, constipated person could ask for more! Get Ex-Lax at your drugstore today and take as directed. 25c.

Pevyroun, one of the controversial figures of the North African situation who once served Vichy as minister of interior and then as ambassador in Argentina, offered his resignation yesterday both to De Gaulle and Giraud as joint presidents of the executive committee which is to govern liberated Frenchmen and French territory until France is freed.

We asked both to give him back his old rank of captain in the colonial infantry reserve.

He got a double-barreled reply. De Gaulle accepted the resignation promptly and assigned him to Syria. Giraud accepted the resignation but asked him to hold on to his job for the time being.

But De Gaulle got the jump on Giraud in making his reply public. He gave it out to foreign correspondents and it was spread throughout the world. Giraud's reply appeared only in the local press.

Both made Pevyroun a captain, but Giraud generally to stay in the governor-generalship "until the executive committee is formed." Two members of that body are yet to be named.

(Merill Mueller, NBC correspondent, in a broadcast from Algiers today, said De Gaulle's action "has roused Giraud as nothing else has since he took over in North Africa.")

Notables on Board Plane Long Overdue

Lisbon, Portugal, June 2—(T)—A British Airways liner which started for London yesterday with Leslie Howard, the actor, as one of its passengers, is missing. It was reported here today. The report was without official confirmation.

The plane, which also had Alfred Chennault, film director, among its 12 passengers, was reported in one account to have been shot down yesterday morning in the Bay of Biscay at a point about half way between Lisbon and England. The plane had a Dutch crew.

Reports here said the plane had not reached England and all attempts to contact it had failed.

Aviation circles were particularly concerned over the fact that weather reports indicated a rough sea which would reduce the chances of the passengers escaping or staying afloat for long in rubber boats. A search for rubber boats was reported to be underway.

TO: The American People FROM: The Secretary of the Treasury

A report on the most tremendous financing task in history - - - the Second War Loan

DURING the three weeks between April 12 and May 1, the American people tackled the biggest job of financing in the history of the world.

In these three weeks it was proposed to raise the sum of 13 billion dollars, or more than half as much as was raised by five drives in the first world war.

It was obvious that the task was hopeless unless the people of the nation were desperately in earnest about the war. And it was equally obvious that here was, so to speak, a thermometer by which the fervor of the people could be measured with reasonable accuracy.

This is why we believe you, as an American citizen, can take pride in this report. For it was written solely by you, the people.

The result, in dollars

Our goal was 13 billion dollars. Actually, the American people subscribed 18 billion, 500 million dollars.

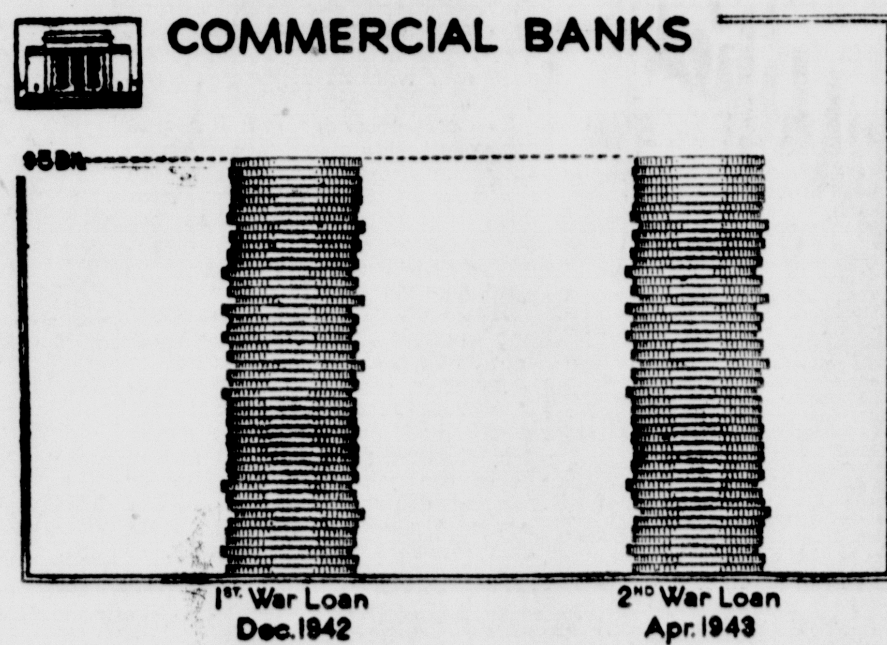

This was 90% as much as was raised in all five drives of the first world war combined.

It was, I think, as much a victory for America and the free American democracy as any military triumph.

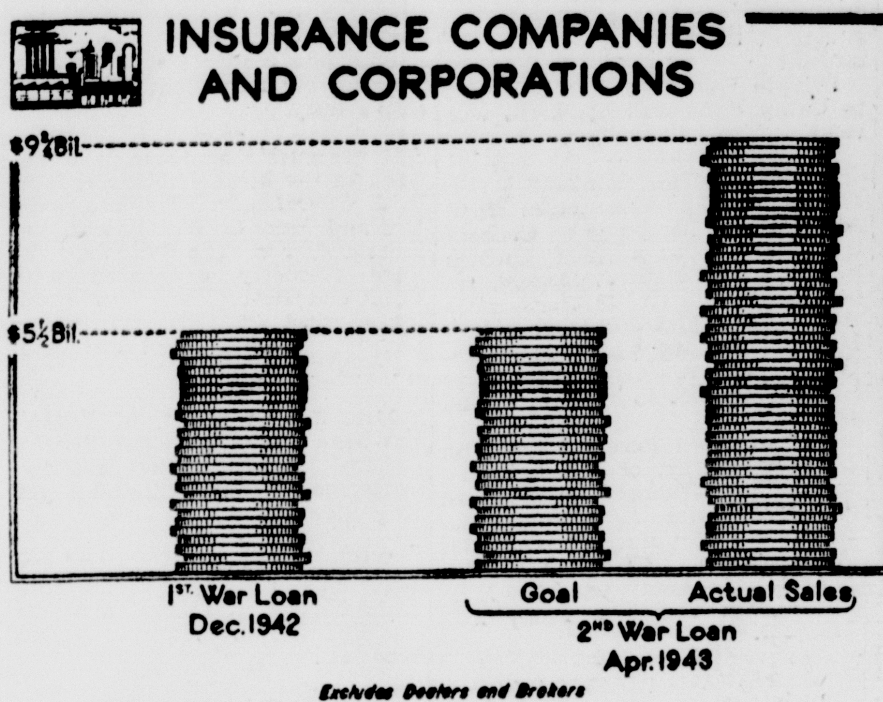

Where did the money come from?

You will be interested in where this 18½ billion dollars came from — for every dollar invested in War Bonds is more than a purchase; it is a demonstration of faith.

The chart below shows the portion of the 18½ billion that came from commercial banks. They were eager to buy more, but were limited to set amounts:

Insurance Companies and other Corporations know that there is no sounder investment than a U. S. Bond. The chart (top of the next column) shows their purchases:

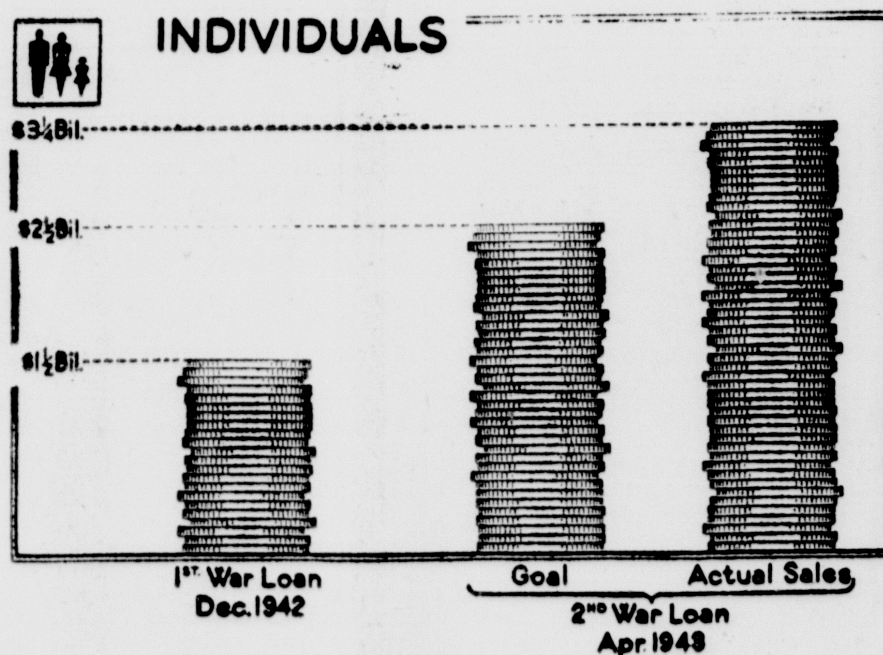

Naturally, it was your money that bought the bonds in the two groups above — for you are the people who put your money in banks and invest in insurance.

But how about what might be called your "personal" money?

That is a very important question, for it is vital that Americans, as individuals, buy War Bonds with all they can spare.

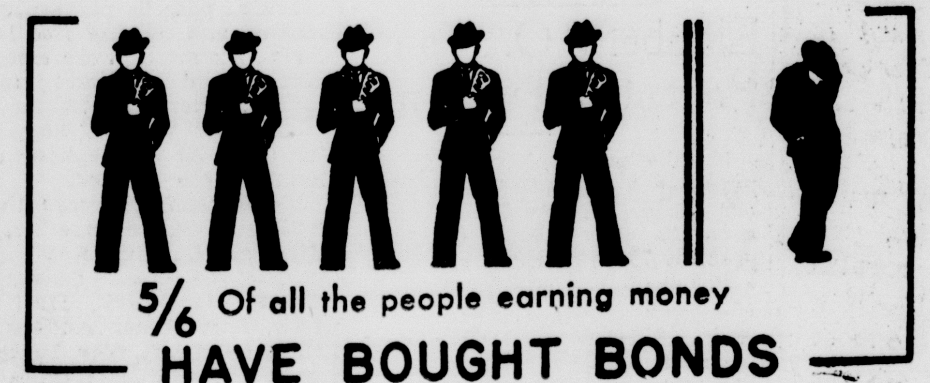

Our goal, here, was 2½ billion dollars. The chart below tells the story:

50 million bondholders

To review your record to date, almost half our entire population own at least one bond — including infants, children, the lame, the halt and the blind.

Or, to look at it in terms of those best able to buy bonds, see the chart at top of next column:

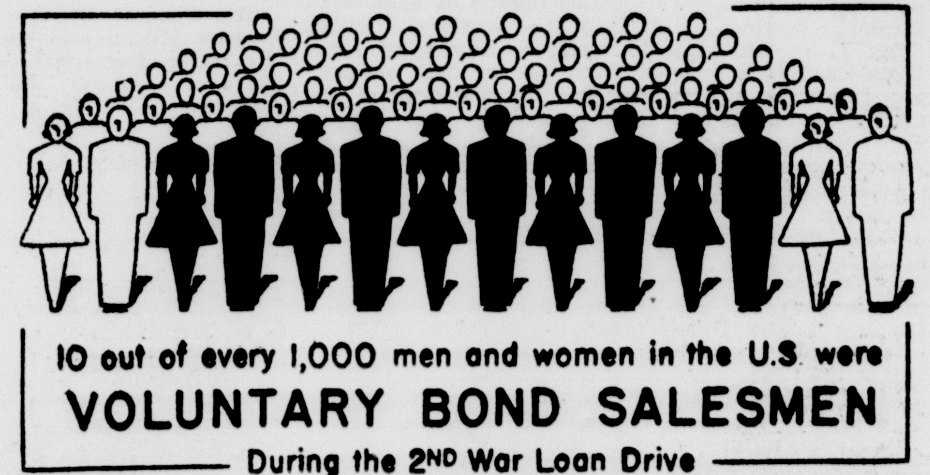

Who gets the credit?

The credit for the 2nd War Loan goes to the people.

It goes to the children who put dimes and quarters into war stamps. To everyone who bought a bond. To thousands of patriotic banking people. To advertising people who donated their creative talents. To patriotic merchants and companies who paid the bill for war bond messages. To radio stations, newspapers, movies, outdoor advertising companies, and publications.

But chiefly, perhaps, to those who turned voluntary bond salesmen — a loyal legion of patriots.

What lies ahead?

Yes, America's record is good. But we cannot become complacent — for our biggest financing job lies ahead.

In the first 4 months of this year, we raised 25 billion dollars. During the balance of this year we must raise 45 billion dollars more.

The war is costing us 100 billion dollars this year. Part of this will come from taxes, and the balance must come from War Loans.

You, as an American, can take pride in what you have done. You have shown the Axis that Americans on the home front, like Americans on the battle front, will do all that is required of them — and more.

But our need is great. Dig as deeply as you possibly can and invest it in War Bonds now — either through the Payroll Savings Plan or through special purchases. Don't wait for "drives."

We must win this war with bayonets — and with dollars. We who stay home in safety must provide the dollars — all that are needed. It is the very least we can do.

St. Louis Cardinals and Bums From Brooklyn Wage Battle With Pennant Dreams on Mind

By JUDSON BAILEY
Associated Press Sports Writer

The National League is expected to have a stupendous scramble for the pennant every fall as a matter of course, but this year the Brooklyn Dodgers and St. Louis Cardinals are staging a spring show that may very well dwarf anything that can happen later.

After dividing a four-game series at Brooklyn last month and a double-header in St. Louis Monday, they waded into each other again yesterday like their lives depended on the outcome and at the end of 12 innings of almost unbelievable baseball the raging Redbirds had an 11-9 victory and were within half of a game of first place.

The two teams made 35 hits, 20 by St. Louis and 15 by Brooklyn, paraded a total of nine pitchers to the mound, and passed the lead back and forth like a hot tip on the second front.

Phil's New Owner Does More Trading Than Anyone in Game

Chicago, June 2.—(P)—The biggest trader in baseball today? It's young Bill Cox, new owner of the Philadelphia Phillies.

Since purchasing the Phils less than four months ago, the wealthy 33-year-old lumberman has added 12 players, parted with four and disposed of some of his ready cash.

All probably behind-the-scenes handwork of veteran Bucky Harris, new field generalissimo of the Phils and a "boy wonder" in his own time.

Even so, Cox's only counterpart today is Branch Rickey, ex-St. Louis Cards and present Brooklyn boss. In their one face off, young Cox walked off with four Dodgers without giving up a player at a time when master swapper Rickey had eyes on several Phils.

And yesterday in a straight swap of outfielders with the St. Louis Cards he obtained three players—Coker Triplett, Buster Adams and Dain Clay (who will report from the Cards' Rochester farm)—for his Danny Litwhiler, a hitter whose clouting has fallen off recently, and Earl Naylor.

Today there already were rumors another Phil deal, involving Triplett, was in the offing.

That's fast work, but Cox says it's the only thing about baseball of which he is certain. "And speed, he added, was the main asset

Connie Picks Off College Star And Puts Him in Lineup Today

Philadelphia, June 2.—(P)—Bert Kuczyński, who stepped off the University of Pennsylvania campus yesterday with two important papers, his diploma and a contract from the Philadelphia Athletics, steps right up to the big league firing line tomorrow.

"I'll pitch the boy against Cleveland tomorrow," said Connie Mack, putting an end to talk that he hired Kuczyński primarily for postwar "insurance." Bert is subject to call at any time in the marine corps reserve.

Captain and end of last year's red and blue football team and star pitcher and outfielder of this season's co-champions of the eastern intercollegiate baseball league, Kuczyński joins a long line of Penn basemen who have made the big jump direct from campus to big leagues.

His last predecessors were Don Kellert and Johnny Jackson, signed by the Boston Red Sox and the Phils, respectively, in 1934. Kellert is now freshman athletic director at Penn.

Other red and blue stars who vaulted from college competition to the majors over the years included big Jim Peterson of the Athletics; Harry Inlay, Toots Schultz and Roy Thomas of the Phils; the late Pie Schwert of the Yankees; Danny Coogan and Walter Masters of the Senators; Firman Warwick and Walt Hutziger of the Cardinals; and Eddie Farrell and J. Howard (Nig) Berry, now a marine officer, of the Giants.

College ball fans were surprised at Mack's announcement that he signed Kuczyński as a pitcher, expressing belief he had shown

Softball Is Rained Out; Meet Planned

What might have turned out to be an interesting game in the Y. M. C. A.-Church Softball League was rained out on Tuesday. Scheduled for the fray were the First Methodist and Presbyterians. The game little more than got under way when Jupiter Pluvius made his appearance and everyone scurried for cover. When things broke up, at the beginning of the second inning the First Methodist ten were out in front 2-0, which is no indication of what the score might have been if the game had gone the full 7 innings.

This game will be played next week some time, probably on Wednesday.

Softball League Committee To Meet

According to an announcement from Physical Director "Bill" Parmelee of the local Y. M. C. A., there will be a meeting of the Y. M. C. A.-Church Softball League committee. It will be held Thursday, June 3rd, at 8:00 p. m. in the "Y". The committee at that time will sit down and draw up the policy to be used in connection with the league for this year. Those who have been chosen by the various teams to represent them on this important committee are: "Dick" Harris, First Baptist; A. F. Dunham, Presbyterians; Marshall Johnson, First Methodist; "Dick" Keller, Trinity Memorial; Francis Font, St. Joseph's; and Howard Smith, Grace Methodist.

SUGAR GROVE

Sugar Grove, May 31—The commencement program of the eighth grade of Sugar Grove elementary school was given in the auditorium Friday evening.

The prelude and march were played by Miss Doris Engstrom and Rev. Kenneth Berlin, gave the invocation. The members of the fifth and sixth grades sang three numbers. The four freedoms were given in readings, pictures and music by members of the eighth grade. The seventh grade joined with the eighth grade in singing "America" with the audience joining in the last three verses.

Everett A. Landin, teacher, presented the diplomas to the following members of the class, Dorothy Miller, Gordon Mahan, Malcolm Allen, Leonard Bruce, Leonard Briggs, Mildred Deveraux, Harland Brown, Jack Abbott, Marvin Thorpe and Harold Hoages.

Dorothy Miller played a piano solo. Lilies and tulips were used in decorating the stage.

The annual alumni banquet of the Sugar Grove and Chandler Valley High Schools was held Saturday evening in the Presbyterian church parlors with covers for seventy three. The dinner was served by the women of the church.

Scott Stuart, Jr., acted as toast master, with Miss Doris Engstrom acting as pianist and Everett Landin leading in the group singing of popular songs. Fulton McKay, acting president of the association, gave the welcome address to the class of 1943 and Richard Sanders, president of the class responded. A male quartet composed of Max Richard Sanders, Donald Frank and Charles Wrist, sang several numbers.

Short talks were given by former principal Albert Lutton, Charles Swanson and Principal Allan Frank. An interesting part of the program was the roll call of the classes. Mr. McKay presided at the business meeting and the following officers were elected for next year: president, Mrs. Kenneth Dunham; first vice president, Wallace Barlow; second vice president, Frank Miller; secretary and treasurer, Mrs. Wilfred Jones; toastmaster, Albert Lutton. Members of the association, working on various committees, helped make the affair successful.

Miss Doris Engstrom, Mrs. Ralph Beidle, Mrs. Dunham, Mrs. Scott Stuart, Jr., Everett Landin and Robert Baldwin.

Mrs. Ray Johnson is a patient in the W. C. A. hospital, where she submitted to an appendectomy.

The fire company was called out about 1:30 Friday afternoon to the house Seminary street, occupied by the McKillip family, where a fire on the roof was extinguished by the quick response and work of the firemen.

HIGHWAY TO HER HEART

Chapter 24

ALL at once, Penny felt almost shy with Powell. The general manager of Spot News Pictures, Incorporated, hadn't been disheveled by the wilderness as she and Cleve Rockwell had. He was still the same Powell, immaculate as ever, charming as ever—when he wanted to be—and, as always, so definitely sure of himself.

Penny knew, without being told, that his first glimpse of her had been a shock. She was brown as an Indian; thinner, stronger, scarcely resembling the girl he had known but a short week before. She hadn't used makeup, she remembered suddenly, for days. She hadn't had time to fuss with her hair. She was torn and soiled, and bumpy with mosquito bites. Her boots were scuffed. Her nose peeled from sunburn.

Penny laughed. "How do I look, Powell?"

She hoped she'd always remember Powell Ward's expression—it was so blank and unbelieving, as though he actually half-suspected that this couldn't be Penny at all. Then he stepped forward and took her in his arms.

"Poor little Penny," he said. "What have they done to you? My heavens, Penny! All you've been through. Sure you're all right, dear?"

He drew her very close then, and she couldn't have answered if she'd wanted to.

Cleve said, swinging hurriedly about. "I'll have to go down and see about the canoe."

Presently Powell Ward released Penny. "Thank God, you're safe. That means everything to me. I was getting so worried I couldn't sleep, couldn't think. I had to start out after you."

"We were all right," Penny said, not quite truthfully.

"Cleve should have known better," Powell continued. "I blame him. He should have brought you right back that morning you slipped away."

"He couldn't. I refused."

"Oh, couldn't he? If I'd been there," declared Powell grimly. "I'd have taken you out of that canoe forcibly and carried you back to Baird's Stopping Place."

Powell meant what he said, but

Penny was nervously amused, just the same.

"Why, Powell—regular cave-man stuff, I'm surprised!" Then: "Cleve did try to stop me. You'll have to be fair about this, darling. I was a blazing little rebel that morning. I was simply bound to have my own way."

"You remember I warned you what it would mean?"

"Yes, of course."

"I don't want to gloat over the fact that everything turned out just about as I expected—even worse, as a matter of fact. I don't want to be unkind. Penny, I won't even reprimand Cleve. I'm too happy to know you're safe."

That's nice of you, Powell.

He put an arm about her and led her over to a fallen log. He drew her down beside him tenderly.

"I might have lost you," he said. "It could easily have happened. Neither you nor Cleve is a match for this wilderness. The odds were all against you."

Penny nodded. "It's needless, she said. 'But I like it, I'm glad I set out.'"

HER fiancé was amazed. "Why—why, Penny. Even Cleve admitted it was a mistake. You missed Bill, endured every hardship, experienced misfortune after misfortune, and what was gained in the end?" He paused, then added emphatically. "Absolutely nothing."

Penny said. "Oh, I wouldn't say that." She smiled. "That's not quite true, Powell."

"But it is, Penny."

"No," answered Penny, feeling just a little triumphant. "You're wrong there. We missed Bill, I'll admit. Cleve got shot and—and a lot of unpleasant things happened. But—we have the films."

Powell sprang to his feet. "What?"

"We have them or, rather, I have them," Penny said. "Look over in my pack there, Powell. I'm too tired. Those Alcan shots Bill's."

Powell leaped forward, almost clawing things out of her pack in his eagerness. Then, suddenly, there they were—three rolls of film from Bill Vance's camera. Powell held them up, one at a time, an exultant expression on his face.

Fishing is much in the public eye in Pennsylvania these days. In this connection it is interesting to note that the oldest sportsmen's club in the United States is the Schuylkill Fishing Company, founded in Philadelphia in 1732 as a club for anglers.

One of the most beautiful rose gardens in the State is located in Elizabethtown, Pa., about 17 miles south of Harrisburg.

Dominica was called Sunday island by Columbus because he sighted it on that day in 1493.

"For Pete's sake!" he howled

"Penny! Penny—you're a trump. Now we're getting somewhere."

And, suddenly, Cleve was there beside them too sharing in the excitement of the moment. Cleve arm in sling looking over Powell's shoulder. It was all just as Penny had imagined it that day tramping along the trail.

"Golly, Penny, I don't understand," Cleve said.

"Stringer had them all the time."

"Stringer! But—but how did you find out about it?"

"That evening you and he fought," Penny explained. "Stringer kicked over his brown dunnage bag. The films rolled out."

Cleve swore. "That rat! But why on earth didn't you tell me, tot? Why?" He strode over to stand in front of her demandingly. His lean jaw was set hard.

"Penny, why in heaven's name didn't you tell me then? I would have—"

"YOU were in no condition to hear it," Penny said. "You'd have tried to follow him. Nothing in the world could have stopped you. I was afraid you'd not only overtax your strength, but also, in the end, might get killed."

Cleve's expression changed. The hardness went out of it.

"You Vance!" he said softly. He swung toward Powell. "What do you think of your fiancé now? She, at least, did accomplish something!"

"I've always known Penny was made of good stuff," said Powell. "The best."

From him, that was a real tribute.

"The canoe's ready," Cleve said. "Boy, wait until old Bill hears the news!"

"And Constable Rennie," Powell added. "Come on, Penny—I'll carry your pack. Guess you've earned a rest."

Penny laughed, waved them ahead.

"I'll join you in a jiffy," she said.

When they'd gone, she took something from the pocket of her shirt, touched a spring—and the shiny lid flew open. Powder, lipstick, rouge. A comb.

Youngsville Paid Tribute To Its Soldiers

Youngsville, June 1—There was a good attendance at the Union Memorial service held in the United Brethren church Sunday evening with Legionnaires and Auxiliary members in attendance. Hymns were well chosen, there was two salutes, one to the American flag and the other to the Christian flag. A strong patriotic sermon was given by the pastor, Rev. Charles McIntyre. Special numbers were rendered by the choir and Rev. Dwight Jack assisted the pastor in the service. For the first time in many years,

weather on Memorial Day prevented the Memorial service being held in the cemetery, and through Legionnaires, and other organizations gathered for the parade, continued rain caused a change in plans and the program was held in the school gymnasium at 10 a. m., and with a good crowd present.

The program opened by music by the first and second Youngsville bands. Commander Warren Jones had charge of the program. By a simple ceremony the color guard, which included with Legionnaires both a soldier and a sailor or from present war servicemen home at home on furlough placed on standards, the American flag and the flag of the American Legion. Legionnaires were present in uniform. The American Legion Auxiliary were represented by the reading by Mrs. Jones of "In Memory". The Youngsville 2nd

band played the hymn, "In the Garden" and the Invocation was given by Rev. Dwight Jack. The Eagle band played "Army Air Corps March" while a group of Girl baton twirlers kept time. A very good address was given by Rev. Dwight Jack as the speaker of the day. The program closed with the playing of the National Anthem with the Eagle band standing as they played and color guard and firing squad from the American Legion at attention. In the afternoon the high school Eagle band gave a very fine concert in the gymnasium and at 6 p. m. all music students of the Youngsville were guests of the Music Booster Club at a picnic luncheon, and also received skating rink tickets.

NEWS ABOUT TOWN
Service boys home. A number of service boys were home over

the weekend or longer. Among the number were Robert York in the Coast Guards, Norman Bowser, Norman Carlson, and Warren McAllister of the Merchant Marine. By a coincidence these boys happen to meet in Harrisburg and came to Youngsville on the same bus. As they were all friends in Youngsville, the meeting was an added pleasure. Mrs. Robert York who has been employed near New York, to be near her husband accompanied Bob home on this trip.

Raymond Barton has just completed a furlough and returned to Carlisle. Lewis Crippen is home from Cumberland. Serg. Walter Stephenson is spending a short furlough here from Camp Pickett, Va. Serg. Klahr Peterson is home from Camp Otterbury, Indiana.

Rev. and Mrs. Samuel Stimer and Frank Hendrickson are at-

tending the General Conference of the Free Methodist church at Greenville, Ill. from June 2nd to June 16th.

Mrs. Stimer will represent the Woman's Missionary Work for the Oil City Conference and Mr. Hendrickson represents the Laymen of the Oil City District while Rev. Mr. Stimer is a clerical delegate.

A delightful house warming party was held Saturday evening at the apartment of Mr. and Mrs. V. D. Smith. About twenty guests were present including relatives and friends who presented Mr. and Mrs. Smith with gifts for their home.

Mr. and Mrs. Floyd Conklin planned the gathering as a surprise to Mrs. Conklin's parents, Mr. and Mrs. Smith. Interesting games and contests were featured and a nice luncheon served. Out of town guests were, Mrs.

Claudia Altenburg and son of Meadville and Mr. and Mrs. Carl Munson and sons of Irvine.

Warren Haupt of Beaver is a guest of his mother, Mrs. Edna Haupt.

Mr. and Mrs. Cora Marsh, former residents, are visiting the latter's sister and husband, Mr. and Mrs. E. E. Hendrickson.

Mrs. Lewis Hendrickson is visiting in Kane.

Disputing Parties

Ordered to Suspend Wage Negotiations

(From Page One)
their output by 25 percent in the first week of the coal shutdown, and drop 50 per cent more if the deadlock continues another week.

The secretary promptly issued an order barring rail deliveries to consumers who have more than a 10-day supply of soft coal or five-day supply of anthracite on hand. The railroads were reported to have a 30-day supply.

A nationwide dim-out was suggested by the War Production Board officials as a means of conserving the 108 days supply of soft coal held by the utility companies but this idea was only in the conservation stage.

The Office of Defense Transportation held out another stop-gap measure as a possibility—a ban on nonessential rail travel and an arbitrary 25 percent cut in train mileage.

While the strike hit both bituminous and anthracite fields, the current wage fight concerns only the soft coal miners. Hard coal negotiations were scheduled tentatively for this afternoon in New York but informed sources in Washington said they probably would be delayed. The anthracite pact usually follows the pattern of the bituminous coal agreement.

Personal Paragraphs

Holiday weekend guests at the home of Mr. and Mrs. John H. James, 1008 Fourth avenue, were Mr. and Mrs. James E. Underwood and daughter and Thomas Cole, of Cleveland, O., and Robert Larson, of Erie.

Mrs. G. L. Cochran, the former Miss Jean Koebly, is spending a week or ten days here from Baltimore, Md., the guest of her parents, Mr. and Mrs. E. E. Koebly, Fourth avenue. She stopped en route here to attend commencement exercises at Bucknell University, of which she is an alumna.

TIMES TOPICS

CROWLER REPORTED

A police call from a home on the East Side last night reported a man seen about the rear of the home. Investigation by the officers through adjoining properties revealed no person.

MOTOR BURNED OUT

A motor on the refrigerator at the Nation-Wide Store, 335 Hickory street burned out this morning at 8:26 and filled the store room with smoke. The fire department investigated.

GIRL REPORTED MISSING

Jeannette Helen Rose, 12, of Youngsville, was sought by Corry police over the weekend, following a report from her father that she disappeared from her home there Saturday. Belief was advanced that she was in company with a Corry youth. She weighs 96 pounds, is 4 feet, 10 inches tall, and has light hair and blue eyes. She was dressed in a light colored dress with red flowers and red buttons when she left the parental roof.

SOCIAL EVENTS

EASTERN STAR TO SEND MATRON TO PHILA.
Mrs. Viola McLaughlin, worthy matron, will represent Warren Chapter, Order of the Eastern Star, at the grand chapter sessions to be held in Philadelphia next week. She will leave for the convention city on Sunday, accompanied by Mrs. Harry Swartzfager, Franklin street.

The local chapter met in Masonic Temple building last evening for its June session, last until September. After the meeting, refreshments were served by a committee headed by Mrs. Ethel Hudson and Mrs. Audrey Blomquist. Those present included a number of guests from Ridgway.

MILK DRIVERS STRIKE IN PITTSBURGH AREA

Pittsburgh, June 2.—(P)—Milk deliveries were curtailed in the Pittsburgh district by a drivers' strike today.

Some milk companies reported drivers were refusing to double up their loads in compliance with an order by the Office of Defense Transportation to save gasoline.

Under the order, homes would receive a two-day supply in a single trip.

The AFL Milk Drivers Union posted notice yesterday that no driver is to take out a double-load. Hibbitts said notice also was served on the companies.

The French island of Guadeloupe is only about half the size of Rhode Island.

Saudi Arabia is larger than Mexico.

EFFORT TO CHANGE TRADE PACTS FAILS

Washington, June 2.—(P)—With administration forces in the saddle, the senate defeated, 44 to 32, today a proposal to amend the reciprocal trade legislation to provide for senate ratification of the trade agreements.

Criticized as a proposal which would disrupt the nine-year-old tariff adjustment program, this amendment, offered by Senator Maloney (D-Conn.), was rejected in action that presaged final approval of the legislation in the form in which it passed the house.

"What Does It Mean?"

It is natural that you should ask: "What
do you mean—Inventory Limitation Sale?"
Well, just this: The amount of merchandise
we may now carry is determined for us by
Uncle Sam. He divides our year into four
quarters and establishes a formula for de-
termining what our inventory may be, in
dollars, at the beginning of each quarter.

To stay within that Limit we must keep
our stocks continually on the move. To
items that prove slow-movers we must apply
a drastic markdown spur. Seasonal and
style merchandise must be marked down
promptly and drastically to assure immedi-
ate sell-out, because every dollar of Spring
merchandise we carry over means that
much less Fall merchandise we can buy.
So—this drastic Inventory Limitation Sale.
Hundreds of items—only a few of them
listed on this page—at savings you'd hardly
believe possible in war times. You would
be wise to take advantage of them.

Chas. Wright

VICE PRESIDENT.
